Notice

Is hereby given, that the Government Bullock Train will cease to run above Kurnaul after the 15th instant, owing to the road being still impracticable for the successful management of that establishment during the rainy season.

From the above date, all Packages for stations above Kurnaul will, as heretofore, be conveyed in country carts with every possible degree of care, but there can be no guarantee against possible damage from wet, as many Rivers and Nullahs without bridges have to be crossed.

The Bullock Train between Lahore and Mooltan will probably be maintained throughout the rainy season.

Bengal Civil Fund.

At a Special General Meeting of Subscribers to the Bengal Civil Fund, held on Saturday, the 10th May 1856, *at the Town Hall—*

Present—MESSRS J. G. CAMPBELL, G. G. MACKINTOSH, HONORABLE E DRUMMOND, G. F. COCKBURN, F. J. COCKBURN, A. W. RUSSELL, AND E F. HARRISON.

AFTER some discussion as to the number of Members required to be present to constitute a Meeting, it was agreed that Mr. J. G. Campbell be requested to take the Chair, and that the business for which the Meeting had been convened should be proceeded with, the Rules being silent as to the point raised: It was then

Moved by Mr. F J. Cockburn and seconded by Mr. G. F. Cockburn—

That the decision of the General Meeting held on the 30th January last, relative to the admission of the wife of Mr. F. J. Cockburn to the benefits of the Fund, be revised.

The votes on the above motion were—

For, Present 2 Proxies 78—Total 80
Against, „ 5 ..... „ 5

The motion was carried accordingly.

Mr. F J. Cockburn then brought forward, and Mr. G. F. Cockburn seconded, the following motion:—

That the wife of Mr. F. J. Cockburn be admitted to the benefits of the Fund on payment of a fine of 100 Rupees, with arrears of subscription and interest up to the 20th August 1855.

The Chairman here stated his opinion, that the question, of which notice had been given, *viz.*, that the decision of the General Meeting of the 30th January be revised, having been disposed of, the proper business of the Meeting was at an end: it was, however, at length agreed that the motion should be put to the vote. The votes were—

For, Present 1 Proxies 78—Total 79
Against, „ 5 ..... „ 5

The motion was carried accordingly.

The attention of the Chairman was then drawn to the provisions of Art. XVIII. of the Rules under which the above determination of the

Meeting involving an alteration of one of the Rules of the Fund could not be considered conclusive, and it was decided that it should be referred to the Subscribers at large for a final decision of the question as to the terms on which Mr. Cockburn's wife should be admitted to the benefits of the Fund, whether on the terms specified in Mr. Cockburn's motion, or on those on which Mrs. Cockburn was admitted by the General Meeting of the 30th January 1856, and that this reference should be made by means of letters addressed to each Subscriber.

Against the above decision Mr. F. J. Cockburn has handed in the subjoined Protest.

J. G. CAMPBELL,
Chairman.

BENGAL CIVIL FUND OFFICE,
The 10th May 1856.

I do hereby protest against that part of the record of the proceedings of the Special General Meeting held this day, which contains the following words "and it was decided that it should be referred to the Subscribers at large," inasmuch as such words imply that such decision was by the Meeting, which I hereby declare most positively was not the case, no motion, proposal or question to that effect having been put to the Meeting, and that decision being merely the decision of the Chairman, and one which he had no right, no power to make. And besides which, the question which the Chairman proposes to refer to the Subscribers at large is no new one, the same having been decided by the General Meeting of January. The question, as framed by the Managers themselves, and by them laid before the General Meeting of January, may be seen in the *Gazette* of February 9th, page 218; in it the first words are "Mr. F. J. Cockburn has applied for the admission of his wife to the benefits of the Fund on payment of a fine of Rupees 100," then follows a statement of the case, and the last words are "The Managers recommend that Mr. Cockburn's wife be admitted to the benefits of the Fund on payment by that Gentleman of a fine of Rupees 500." Thus the General Meeting of January had to decide, and did decide, this very question; for the express purpose of having that decision revised under Art. XIX., this Special General Meeting was convened; and this Meeting having decided that that decision should be revised, and having further decided that the sum to be paid by me should be only Rupees 100 (which is the revised decision,) be it right or wrong, that decision must, as is expressly declared by Art. XIX., be final and conclusive. I therefore consider it my duty to protest, and I do hereby protest, against the proposed reference, as being a proceeding in direct violation of the Rules of the Fund, illegal and useless.

F. J. COCKBURN,
Subscriber to the Bengal Civil Fund.

Notice

Is hereby given, that the Government Bullock Train will cease to run above Kurnaul after the 15th instant, owing to the road being still impracticable for the successful management of that establishment during the rainy season.

From the above date, all Packages for Stations above Kurnaul will, as heretofore, be conveyed in country carts with every possible degree of care, but there can be no guarantee against possible damage from wet, as many Rivers and Nullahs without bridges have to be crossed.

The Bullock Train between Lahore and Mooltan will probably be maintained throughout the rainy season.

No. 797 *of* 1856.—The Right Hon'ble the Governor General of India in Council is pleased to direct that the following paragraphs of a Military Letter from the Hon'ble the Court of Directors to the Government of India, No. 44, dated 2nd April 1856, be published for general information :—

Reply to Letter dated 22nd November 1855, No 246.

Report of the conduct of Brevet Colonel Cumberlege, 6th N., I. in unwarrantably ejecting from the Cantonment of Jumalpore Mr. William Cockburn, the Deputy Magistrate of the District, and in forbidding Dr. Wethered from giving him shelter even for a night, and of the measures taken in consequence as respects Colonel Cumberlege, Lieutenant Stewart, the Station Staff Officer, and Major General Eckford, Commanding the Presidency Division.

Para. 1. It appears that in June last Mr. Cockburn, the Deputy Magistrate of Jumalpore, addressed a private letter to Lieutenant Stewart, the Station Staff Officer, of which the following is a copy :—

MY DEAR STEWART,

"THE bearer my Mheter states that he "was with his nephew leading my dogs on the "bund this morning, when the Mheter was taken "in charge by a Sepoy, and is now confined in "your Guard House. My servant states that his "nephew has done nothing to warrant such treat-"ment. Will you therefore have the goodness to "see to the rights of his complaint ?

Yours sincerely,
(Signed) WM. COCKBURN,
22*nd June* 1855."

2. On the same day Lieutenant Stewart reported officially to Lieutenant Colonel Cumberlege that, as this letter was brought by a Sweeper, he had returned it to Mr. Cockburn "with a "message that it was not the custom when Gen-"tlemen communicate with each other to do so "by the hands of a Sweeper." He proceeded as "follows : "From Mr. Cockburn's long residence "in the country and from the position he holds as "Deputy Magistrate, I conceive he must have "been aware of the impropriety of his act, and "I therefore request that you will, as my Com-"manding Officer, protect me in the performance "of my duty as Station Staff in receiving similar "ungentlemanlike insults, and hope you will call "upon Mr. Cockburn to apologise to me for his "conduct."

Letter to Lieutenant Colonel Cumberlege, dated 22nd June 1855.

3. Mr. Cockburn also on the same day reported officially to Lieutenant Colonel Cumberlege the return of his letter without reply. Lieutenant Stewart's "doing so" Mr. Cockburn stated, "I considered to be a direct and "deliberate insult to me personally. I now ad-"dress you publicly, and request that you will "have the goodness to give attention to any re-"quest preferred to and repudiated by your sub-"ordinate, and inform me the reason why my ser-"vant has been seized and confined in your Guard "House."

4. Lieutenant Colonel Cumberlege replied to Mr. Cockburn's private note "sufficiently ex-"plains the reason of its being returned in a "similar manner, and your feeling the insult fully "evinces your perfect knowledge of the nature of "the offence you had been wilfully guilty of to-"wards Lieutenant Stewart."

"The accompanying Letter No. 23, I have "received from Lieutenant Stewart, who is justly "most indignant at conduct which in a young man "of six months' standing would be bad enough, "but in a Civilian, whose paramount duty is to "become acquainted with the habits and prejudices "of Natives, I cannot sufficiently characterize the "grossness of the offence. It can only be looked "upon as a studied insult. I trust you will there-"fore prevent further reference by complying with "Lieutenant Stewart's demand.

"With regard to your servant being put into "confinement, the Patrol very properly committed "him for resisting their authority when in the exe-"cution of their duty. There "are certain Regulations estab-"lished in Cantonments which "cannot be transgressed by any "resident therein with † impunity.

† Letter from Lieut. Colonel Cumberlege, dated 22nd June 1855.

5. To this Mr. Cockburn replied the next day, stating that "it was not with a view of insulting "Lieutenant Stewart that I gave my Mheter a let-"ter to him but that he might render him justice "in releasing his nephew, who, it appears, was con-"fined by his orders.

"If Lieutenant Stewart has the power to seize "and imprison men that have committed no crime "and undergone no trial, he is equally bound to "receive petitions from all those that may have "occasion to present them without a reference or "distinction to caste whatever.

"A Mheter has as much right to demand jus-"tice from a Public Officer as any other man. If such "is denied him, and his petition returned as being "offensive and insulting because it is delivered by "himself, proves the ignorance and unfitness of "such Officer to perform the duties with which he "has been entrusted."

"I was not aware of the charge against my "servant until the receipt of your letter, a charge "that could be made against any of the Officers' "servants in the Corps who keep dogs, including "Lieutenant Stewart's, and who are to be seen "exercising on that road twice a day. The spirit "of it however is not difficult to understand, and "proves that my man has been unwarrantably "seized and illegally confined on a ridiculous and "frivolous pretext for infringing your laws, and "which are only made applicable to my people."

"Lieutenant Stewart states in his letter, that "my servant is a Camp Follower, inferring from "this that he had the power to treat him as he "did. He never was a Camp Follower, nor does "he live within Cantonments.

"With reference to the apology demanded by "you and Lieutenant Stewart, I consider that an "apology is due from that Gentleman to me for "illegally arresting and confining my servant and "afterwards refusing him redress by returning "my letter. I therefore decline complying with "your request."

"As the Officer Commanding the Regiment "I beg to point out to you that you are "not blameless in sanctioning and encouraging "your young and inexperienced Officers in commit-"ting oppresive and illegal acts, and that you have "no power to make laws or to put them in force "against those over whom you have no juris-"diction and who have com-"mitted no crime and that "you will in future take mea-"sures to prevent a repetition "of such unwarrantable and illegal proceedings.

* Letter from Mr. Cockburn, dated 23rd June 1855.

6. Lieutenant Colonel Cumberlege, on the same day, replied as follows :—

SIR,

"With reference to the general insolent tenor "of your letter, but more especially with reference "to paras. 3 and 7, and to put an end to further "annoyance from your residence in Cantonments, "I direct that you will quit the same by sunset "this afternoon and to prevent compulsory mea-"sures, I hope you will see the necessity of com-"plying with my orders.

"I deem it unnecessary to carry on any further "correspondence with a person who can so far "forget his position as to adopt an arrogant and "impertinent style, so unbecoming the nature of a public correspondence, the whole of which I shall therefore forward to His Excellency the Commander-in-Chief to be laid before the Supreme Government.*

* Letter from Lieutenant Colonel Cumberlege, dated 23rd June 1855.

"This letter giving me notice to quit Cantonments at sunset," Mr. Cockburn states, "was delivered to me about an hour before that time at the Thannah where I hold Cutcherry, and I had not gone to my house fifteen minutes when it was entered by a Captain and Subalterns, who informed me that they had been sent by Lieutenant Colonel Cumberlege to see me out of Cantonments by sunset, and if I made any resistance, a Guard was in readiness to enforce his orders. Such being their nature I left my house protesting against such an unwarranted exercise of authority on the part of Lieutenant Colonel Cumberlege. It being then wet and nearly dark and the Government House in an unfinished state, I wrote and asked my friend Dr. Wethered for a night's shelter, or until I could make arrangements to live in the house, but this Dr. Wethered could not afford me, as he had received an official message from Colonel Cumberlege, forbidding him to give Mr. Cockburn shelter as a guest even for a single night.*"

* Letter from Mr. Cockburn, dated 26th June 1855.

7. The proceedings of Lieutenant Colonel Cumberlege as above narrated having been reported by that Officer to Major General Eckford, C. B., the Officer in temporary Command of the Presidency Division, were, by that Officer, approved and confirmed, but this decision having been appealed against by Dr. Wethered, the proceedings came under the consideration of the Commander in Chief. His Excellency's decision was conveyed in a letter from the Adjutant General of the Army to Major General Eckford, dated the 17th August 1855, in which His Excellency pointed out that Mr. Cockburn's servant not being a Camp Follower, it was highly improper to confine him in a Military Guard without any necessity; that the expulsion of Mr. Cockburn from Cantonments on a mere personal dispute regarding the style of letters was disapproved, that the order to Dr. Wethered was altogether unauthorized and extremely reprehensible; and that the style of Lieutenant Colonel Cumberlege's letters was of a character that could not have been anticipated from an Officer of his long standing and experience. His Excellency further expressed his regret that Major General Eckford should have approved and confirmed Lieutenant Colonel Cumberlege's "arbitrary and injudicious measures."*

* Letter, dated 17th August 1855.

8. The correspondence having been brought to the notice of the Governor General, His Lordship recorded a minute, dated Ootacamund, 17th October 1855, in which he observed "there has never yet come before me in the whole of my Official course so arbitrary an abuse of power, so scandalous an insult towards an Officer of the Government employed in its Service, as is exhibited in the proceedings of Lieutenant Colonel Cumberlege and of his Station Staff, and of Major General Eckford, by whom those proceedings were confirmed.

"I much regret the excessive leniency with which His Excellency the Commander-in-Chief has treated the conduct of these Officers, and I feel it to be due to the Civil Officers of Government and to the Public Service to mark the disapprobation with which the Government view these proceedings, by much more decided measures than those which His Excellency has deemed sufficient."

9. In consequence a General Order was published announcing "that as a mark of the severe displeasure of Government at the outrage committed by Brevet Colonel Cumberlege, that Officer shall be suspended from all Military Command for six months from the date on which the General Order may be received at Jumalpore" and shall not be again permitted to resume the Command of that Station.

"In order also to express the displeasure of Government at the unbecoming conduct of Lieutenant R. Stewart, Adjutant of the 6th Regiment Native Infantry and Station Staff at Jumalpore, as exhibited on the same occasion, that Officer be removed from the Office of Station Staff."

12. Mr. Cockburn very properly disclaimed any intention of insulting Lieutenant Stewart by sending to him a private note by the hands of a person whose avocation necessarily disabled Natives of caste from receiving any thing at his hands.

13. It is a source of satisfaction to us that these transactions were brought under the special notice of the Governor General, and that they received from His Lordship such prompt and effectual notice as to preclude the necessity for any further proceedings on our part beyond the expression of our full and entire approval of the measures taken in consequence.

No. 798 *of* 1856.—The following Notification, from the Foreign Department, is published in General Orders:—

No. 3020, *dated* 27*th May* 1856.—The following Rules, for the shipment, landing and due protection of Government Property, conveyed in Government Vessels between Rangoon and Calcutta, are hereby published for general information:—

2. When a Consignee has not removed the goods himself, or through his own subordinates, he should, without loss of time, apply for the delivery of the same, if at Rangoon to the Officer in charge of the Receiving Hulk *Proserpine*, and if in Calcutta to the Clerk of the Government Boat Office.

3. The Commanders of Government Vessels, whether belonging to the Indian Navy or to the Bengal Marine, are interdicted from the reception of any Government Cargo on board, unless protected by a Shipping Order, at Rangoon from the Master Attendant there, and in Calcutta from the Office of the Superintendent of Marine.

4. In every case the Shipping Officer is required to accompany the goods with duplicate receipts, and on the shipment being effected, such duplicate receipt must be signed by the Command-

5. The Commander of a Vessel of the Indian Navy, or of the Bengal Marine, on arrival in Rangoon or Calcutta, and having Government Property on board, and the same not being removed in good time by the Consignee, is required, if at Rangoon, to make over such property to the Officer in charge of the Receiving Hulk *Proserpine*, obtaining his receipt for the same, and if in Calcutta, to report the circumstance to the Clerk of the Government Boat Office who will see the goods landed and retain charge of them until called for.

6, Commanders and Officers of Government Vessels, whether belonging to the Indian Navy or the Bengal Marine, are expected, as Government Servants, to take every care of Government Property they may have in their charge, and they are on no account to land such property, or allow it to go out of their custody, unless delivered to a responsible Government Officer, or to his order.

7. Captain J. Woodley, Clerk of the Government Boat Office, will proceed on board each Government Vessel as she arrives, whether belonging to the Indian Navy or the Bengal Marine, to see that the Government Stores are properly landed, and all Officers are required to pay proper attention to his requests or suggestions with reference to the duty with which he is entrusted.

Postal Notice.

No. 966.

It being desirable that Vessels, on arriving at the Sand-heads, should receive intimation as to their future course, whether to proceed up the Hooghly or the Mutlah, arrangements will be made through the Postal Establishment to deliver letters on board inward-bound Vessels prior to their reaching the Sand-heads.

It must be understood, however, that there are difficulties to prevent the certainty of the deliveries of letters for such inward-bound Ships; and that therefore they will be forwarded with the chance of safe delivery. This can be done only by their being received at the Post Office as Registered Letters, on which the Fee of Registration, in addition to Inland Postage to Kedgeree, will be levied.

Notice.

Notice is hereby given, that the Government Bullock Train will cease to run above Kurnal after the 15th proximo, owing to the road being still impracticable for the successful management of that Establishment during the rainy season.

From the above date all Packages for Stations above Kurnal will as heretofore be conveyed in Country Carts with every possible degree of care, but there can be no guarantee against possible damage from wet, as many Rivers and Nullahs without Bridges have to be crossed.

The Bullock Train between Lahore and Mooltan will probably be maintained throughout the rainy season.

Postal Notice.

No. 966.

It being desirable that Vessels, on arriving at the Sand-heads, should receive intimation as to their future course, whether to proceed up the Hooghly or the Mutlah, arrangements will be made through the Postal Establishment to deliver letters on board inward-bound Vessels prior to their reaching the Saud heads.

It must be understood, however, that there are difficulties to prevent the certainty of the deliveries of letters for such inward-bound Ships ; and that therefore they will be forwarded with the chance of safe delivery. This can be done only by their being received at the Post-Office as Registered Letters, on which the Fee of Registration, in addition to Inland Postage to Kedgeree, will be levied.

Notice.

Notice is hereby given, that the Government Bullock Train will cease to run above Kurnal after the 15th proximo, owing to the road being still impracticable for the successful management of that Establishment during the rainy season.

From the above date all Packages for Stations above Kurnal will, as heretofore, be conveyed in country Carts with every possible degree of care, but there can be no guarantee against possible damage from wet, as many Rivers and Nullahs without Bridges have to be crossed.

The Bullock Train between Lahore and Mooltan will probably be maintained throughout the rainy season.

Postal Notice.

No. 966.

IT being desirable that Vessels, on arriving at the Sand-heads, should receive intimation as to their future course, whether to proceed up the Hooghly or the Mutlah, arrangements will be made through the Postal Establishment to deliver letters on board inward-bound Vessels prior to their reaching the Sand heads.

It must be understood, however, that there are difficulties to prevent the certainty of the deliveries of letters for such inward-bound Ships; and that therefore they will be forwarded with the chance of safe delivery. This can be done only by their being received at the Post Office as Registered Letters, on which the Fee of Registration, in addition to Inland Postage to Kedgeree, will be levied.

From the above date all Packages for Stations above Kurnal will, as heretofore, be conveyed in country Carts with every possible degree of care, but there can be no guarantee against possible damage from wet, as many Rivers and Nullahs without Bridges have to be crossed.

The Bullock Train between Lahore and Mooltan will probably be maintained throughout the rainy season.

Legislative Council.

The 14th June 1856.

THE following Bill was read a second time on the 14th June 1856, and was referred to a Select Committee who are to report thereon after the 18th of August next.

A Bill for establishing a toll on Boats and Timber passing through the Kurratiya river in the district of Bográ.

Preamble.

WHEREAS it is expedient, with a view to afford facilities for the internal commerce of the districts of Dinagepore, Rungpore, and Bogra, to adopt measures for the improvement of the navigation of that part of the Kurratiya river, which lies within the district of Bogra, by removing the obstructions by which the passage through it is now impeded; and whereas the measure in question will necessarily occasion a considerable outlay at the first, and an annual expense thereafter, and it is just and reasonable that, to defray the same, a moderate toll should be levied on all boats, timber, rafts, floats, and the like, passing through or within such part of the said river; and whereas it is expedient to encourage individual enterprise, and the employment of private capital on works of public utility: It is enacted as follows:—

Tolls may be levied on the Kurratiya.

I. Tolls, at the rates specified in the Schedule annexed to this Act, may be levied on all boats, timber, rafts, floats, and the like, passing through or within the aforesaid part of the Kurratiya river, at such stations or places as the Lieutenant Governor of Bengal may from time to time appoint. The said tolls shall be levied by such persons, and under such rules, as the said Lieutenant Governor may direct; and all such rules shall be duly notified in the English and Vernacular Gazettes for public information.

But not till measures have been taken for improving the navigation.

II. Provided that no such toll shall be levied until the Lieutenant Governor of Bengal shall be satisfied, by the report of a competent person, that effective measures have been taken by the excavation of a canal, or

the removal of obstructions in the existing channel, or both, to render the passage navigable throughout the year. Provided, also, that the levy of the said tolls shall be continued only so long as the passage is kept so navigable.

Boats, &c. may be detained and sold for non-payment of toll.

III. The person appointed or empowered to collect the said tolls may detain any boat, timber, raft, float, or the like, for which the toll chargeable under this Act is not paid; and, on the report of such person, which report shall be made within twenty-four hours, the Deputy Collector of Bogra, or other public officer duly authorized by Government in that behalf, may publish a notice appointing a day for the sale of the same. At or after the time appointed by the notice, which shall not be less than fifteen days from the date of the publication thereof, if the toll be not paid, or sufficient cause for non-payment be not shown to the satisfaction of the Deputy Collector or other officer as aforesaid, such officer may sell the thing detained, or, in the case of a raft or float, such part thereof as may be necessary for the recovery of the toll, and shall pay the overplus, if any, to the owner on demand.

Penalty for unlawful detention.

IV. Any person who, under color of this Act, shall unlawfully detain any boat, timber, raft, float, or the like, or shall neglect, or, without lawful excuse, delay to report the detention of any boat, timber, raft, float, or the like, to the Deputy Collector or other officer as aforesaid, or shall demand as toll any larger sum than is authorized by the Schedule annexed to this Act, shall, on conviction before a Magistrate, or other officer exercising the powers of Magistrate, forfeit a sum not exceeding 200 Rupees.

Government may authorize any private person to carry out object of Act.

V. For the purpose of carrying out the objects of this Act, the Lieutenant Governor of Bengal may authorize any public officer to cut any canal, clear and deepen any channel, stop any watercourse, or otherwise cause the return of the stream to its original bed, or may grant the like authority to any private person who may undertake to carry out those objects at his own expense; and may take possession, as for a public purpose, of any land that may be necessary for the execution of any of the above-mentioned works, under the provisions of Regulation I of 1824, or of any Act that may hereafter be in force for taking possession of land for public purposes, whether the said works are to be executed on account of Government, or of such private person as aforesaid.

And may give him a grant of the tolls.

VI. If the Lieutenant Governor shall grant authority to any private person to carry out the objects of this Act at his own expense, he may also make a grant of the said tolls to such person upon such conditions and for such a term as to the said Lieutenant Governor shall appear just and proper.

This Allowance is to cover all expenses of travelling, but an Overseer or Assistant Overseer may on the first occasion be allowed a reasonable sum as an advance for the purchase of a Tent, to be recovered by equal monthly deductions from his Salary for 12 months, commencing 3 months after the payment of the advance.

VIII. A Subordinate Officer above the rank of Overseer shall be allowed 5 annas per mile for all journeys exceeding 20 miles in one day, made under the order of the Executive Engineer or those of a Superior Officer to the Executive Engineer.

IX. Under the same circumstances, an Overseer or Asssistant Overseer shall be allowed 2 annas per mile. But if ordered by the Chief Engineer to proceed by Palkee or Carriage Dawk, the Dawk shall be laid by the Executive Engineer and charged in his Accounts as a Contingent Expense.

7.—Sub-Overseers and Sub-Surveyors, when employed on duties which render it necessary that they should travel often to the distance of 10 miles or more in one day, but having a fixed Head Quarters, and being provided with shelter when at a distance from their Head Quarters, shall receive a Travelling Allowance of Rupees 7½ per mensem; but when employed on duty which requires them to march unprovided by Government with shelter, or on field duty, they shall receive a Travelling Allowance of Rupees 15 per mensem. For journeys of upwards of 20 miles per diem, performed under orders of the Executive Engineer or his Assistant, they shall be allowed one anna per mile. In every case these allowances will be admitted on the Certificate of the Executive Engineer.

8.—It will be the duty of Superintending Engineers, on their tours of inspection, to make inquiries as to the Travelling Allowances drawn by the Officers of the Upper Subordinate Establishment and by Sub-Overseers, and to ascertain whether the Allowance in each case is adequate to meet the necessary expenses of travelling on duty, and not higher than is fairly admissible under the foregoing Rules.

9.—All persons employed in the Public Works Department may be allowed one month's leave of absence in the calender year without loss of Salary, provided it can be granted without inconvenience to the Public Service. This leave may be granted by the Chief Engineer; but a Chief Engineer requiring leave must apply to the Local Government or to the Commissioner of the Province.

10.—Leave of absence in excess of that allowed in the last paragraph, will be granted in the case of Commissioned, Warrant and Non-Commissioned Officers and Soldiers, under the Rules applicable to Military Officers on Civil employ,* and in other cases under the Rules applicable to the Uncovenanted Service. This leave may be granted to all classes by the Governments of Madras and Bombay, and by the Local Administrations subordinate to the Government of India, to all except Commissioned Officers, to whom leave must not be granted without the sanction of the Government of India.

* Excepting when these Rules are at variance with Rules specially applicable to Warrant and Non-Commissioned Officers and Soldiers, in which case the special Rules will apply.

11.—A Military Officer officiating as Executive Engineer will in all cases be allowed a Staff Salary of Rupees 200 per mensem, with Travelling Allowances as an Executive Engineer. If officiating as Assistant Engineer, he will have the Allowances of a Probationary Assistant Engineer.

13.—An Officer of the Upper Subordinate Establishment officiating as Assistant Engineer will be allowed 50 Rupees per mensem, in addition to the Allowances attached to his grade in the Subordinate Establishment.

14.—No person holding a superior appointment, and officiating in an inferior one, will be allowed any additional Salary, except in special cases under the sanction of the Government of India.

Outline of Duties.

15.—The Chief Engineer of each Government or Province will, under the orders of the Chief Civil Authority, conduct the duties of the Public Works Department generally. Each Chief Engineer will be allowed a Commissioned Officer or Civil Engineer as an Assistant; and an adequate Office Establishment for his executive duties as well as for the examination and compilation of the Accounts of expenditure in the Department under his control.

16.—The Superintending Engineers will assist the Chief Engineer, under whose orders they may be placed in the supervision and control of the Department, and particularly by making inspections within the Circles assigned to them respectively. They will, under general instructions from the Chief Engineer, dispose by their own authority of all minor matters coming under their notice, and will report upon others for the information of the Chief Engineer.

17.—Each Chief Engineer will Audit all expenditure in his Department, and will furnish to Government the prescribed Financial Statements and Returns. To him will be submitted the Accounts of all expenditure by Executive Engineers, after being properly abstracted and compiled in the Central Office of Account and having the remarks of the Superintending Engineer recorded on them. Every Chief Engineer is empowered to pass charges for sanctioned Establishments, and for all other duly authorized purposes, when not more than 5 per cent. in excess of the authorized amount in each case, and will submit all other charges to the Local Government or Administration for orders.

18.—For any particular work, too large to form a single Executive charge, but requiring the entire energies of an individual Engineer for its efficient supervision, a Superintendent (with Executive Engineers under him) will be appointed on a salary regulated by the importance of his charge. He will reside on the spot and conduct the duties of the particular work as a Superintending Engineer, under the orders of the Chief Engineer or other Departmental Superior.

19.—The duties of an Executive Engineer will be to manage the whole of the details of the Public Works under his charge, including the provision of labor and materials, the payments of cash, and the rendering of Accounts of all expenditure. He will be supplied with funds by letters of credit on the nearest Government Treasuries.

20.—Assistant Engineers will be employed under Executive Engineers to render any general or special assistance that may be required, either by taking charge of a sub-division of works or otherwise, subject to approval by the Superintending and Chief Engineer. Assistant Engineers, in charge of works of unusual importance, or who for other special reasons may have been allowed higher emoluments, will be termed Special Assistant Engineers.

21.—Officers of the Upper Subordinate Establishment and Sub-Overseers will be employed in the immediate supervision or works, or portions of works, or in conducting the Departmental duties at small stations or posts, and sometimes in Surveying and Levelling, or other detached duties. Their special duty will be executive supervision; and, except in special cases, these Officers will not keep any public cash or have any thing to do with payments on account of Public Works, beyond granting cheques on Cashiers, and seeing that Artificers and Laborers receive full payment at the prescribed periods.

22.—Cashiers shall be appointed for the custody, payment and receipt of cash, at all places where the disbursements are considerable. They will have no power to make payments except on the written orders of the Executive Engineer, his Assistant, or of such Executive Subordinate Officers as may be authorized to draw on them. They will submit their Accounts direct to Executive Engineers, supported by the orders duly receipted, or Pay Lists witnessed by the Executive Subordinate.

23.—Store-keepers will be appointed to relieve the Executive Subordinates of the charge of the Stores and of the Accounts connected with them, whenever the charge involves heavy duties. The Store-keepers will receive and issue Stores only on the written order of the Executive Engineer, his Assistant, or the Executive Subordinate whom they may be ordered to supply.

24.—*Head Artificers* will be employed when necessary to assist Overseers in collecting workmen and supervising their labors, and in measuring work executed or required.

25.—*Overseers, Assistant Overseers,* and others holding inferior appointments shall be liable to punishment at the discretion of Executive Engineer by removal within the Division. Chief Engineers, on the report of Executive Engineers, shall have the power of fining Overseers and other inferior Subordinates to the extent of one month's Departmental salary in the year. Chief Engineers may also recommend to Government to stop for a time the promotion of individuals of the Upper and Lower Subordinate Establishments guilty of misconduct, or to reduce them to an inferior grade.

26.—*Departmental* Defaulters' Books shall be regularly kept by Executive Engineers for the purpose of registering the offences of all Overseers, Assistant Overseers, Sub-Overseers and Sub-Surveyors. No entry shall be made in these Books, except by the Executive Engineer or an Assistant Engineer deputed by him; and every entry must be made in the presence of the offender, and after a careful investigation of the charge.

27.—These Books must be carefully inspected by Superintending Engineers on their tours, and any complaint made by Subordinates of the entries against them, or concerning the punishment awarded, must be carefully inquired into by the Superintending Engineer and reported on for the orders of the Chief Engineer.

28.—Every Chief Engineer shall, as soon as possible after the close of each official year, submit to the Government or Commissioner, under whose orders he may be acting, a Report on the official and professional conduct of every Officer of the Upper Subordinate Establishment serving under him, particularly stating the qualifications of each for situations of greater trust and responsibility.

Qualifications, Appointments, Promotions.

29.—To the situations of *Office Clerks, Mohurrirs, Chaprassies*, and other inferior offices, Executive Engineers are at liberty (in the absence of special instructions,) on the occurrence of vacancies, to appoint any persons whom they may deem to be properly qualified, excluding those only who have been dismissed for such faults as disqualify them for the Public Service.

30.—For the situations of *Cashiers* and *Store-keepers*, Executive Engineers are in like manner at liberty to select such persons as they consider qualified, on their furnishing adequate security ; but from 1st January 1857, no persons are, without special sanction, to be appointed to such situations who cannot write and keep their Accounts in English.

31.—If unable to procure persons who can write and keep Accounts in English, the Executive Engineer may appoint other persons temporarily, reporting the circumstance to the Superintending Engineer, for the sanction of the Chief Engineer.

32.—*Head Artificers* shall be required to possess a practical knowledge of their respective trades.

33.—*Sub-Overseers* of the 3rd Class must understand brick-laying, carpentry (including roofing and flooring,) road-making, and other work ordinarily done under Departmental superintendence, so as to be able to direct workmen and turn out good work. They must also be able to write and keep Accounts in English, unless when the Chief Engineer shall for special reasons dispense with this qualification.

34.—When a vacancy occurs for the appointment of a Head Artificer or Sub-Overseer 3rd Class, the Executive Engineer will report it through the Superintending Engineer to the Chief Engineer. For these situations preference will be given to men educated at a Government Institution, and to men in the Department who may have been brought to the Chief Engineer's notice by Superintending Engineers as deserving of promotion. Should no one of these classes be available, the Executive Engineer will be instructed to take measures to fill up the vacancy, for which purpose he will endeavour to procure a fully qualified individual, and will not fill up the situation permanently till such a person shall have been obtained. It will be the duty of the Superintending Engineers on their inspections to examine and report upon newly appointed Subordinates of these grades. New appointments are to be considered probationary for one year.

35.—*Sub-Overseers of the 2nd Class* must, in addition to the acquirements expected of Sub-Overseers 3rd Class, be able to lay down and construct an ordinary Building from Working, Drawings and Specification, to prepare simple Drawings, and to frame Estimates in English.

36.—*Sub-Overseers of the 1st Class* must, in addition to the above qualifications, be able to survey with the Chain and Compass and to take Levels.

37.—*Sub-Surveyors 2nd Class* must be able to survey with the Chain and Compass and to take Levels. *Sub-Surveyor of the 1st Class* must be able to make simple surveys with the Theodolite in addition to the above.

38.—The qualifications of Sub-Overseers 1st and 2nd Class and Sub-Surveyors will generally be ascertained from Certificates issued from a Government College of Civil Engineering, but Chief Engineers are empowered to authorize Executive Engineers to examine and report on Candidates in special cases. The appointments will be made by the Local Governments, on the recommendation of the Chief Engineers, on probation for the first year.

39.—The knowledge of English required of Sub-Overseers of the 1st and 2nd Classes may be dispensed with at the discretion of the Local Government, in any cases in which it may appear to be desirable to do so.

40.—*Assistant Overseers* are required to have a good knowledge of Arithmetic, including Mensuration and Account keeping, to know a little Geometry, to be able to prepare simple Drawings, to understand how to lay down and construct a Building from Drawings and Specification, and to be able to prepare a simple Estimate on being furnished with a design and the rates of work, and to survey with Chain and Compass and to take Levels. Europeans must possess a fair colloquial knowledge of the Native languages, and Natives must be able to speak and write English with tolerable accuracy.

41.—The qualifications of Candidates will be attested by Certificates from the Principals of the Government Civil Engineering Colleges.

42.—Soldiers are permitted to study at the Government Colleges, for the purpose of qualifying themselves for the situation of Assistant Overseer, under Rules laid down in General Orders by the Commander-in Chief. Rolls of the men who have qualified themselves for these situations will, immediately after the periodical examinations, be sent to the Secretary to the Government of India in the Public Works Department. The Principal having previously communicated with the Chief Engineers will at the same time suggest to Government the Division to which each Student should be appointed to serve for one year on probation. On the recommendations being approved of, the men will be appointed Probationary Assistant Overseers

43.—Soldiers serving with their Corps, who desire admission into this grade of the Department, will make their wishes known to their Commanding Officer, who, if there be no objection, will, when in the vicinity of the College or School, arrange with the Principal for their being examined there.

44.—In case of the Candidate being at too great a distance from the College or School to be examined personally by the Principal, the Commanding Officer will apply to the College for Examination Papers, which on receipt he will make over to the Executive Engineer of the District or his Assistant (not being a Probationary Assistant,) and arrange with that Officer to conduct the Examination. The

examining Officer will forward the Candidate's original answers and work, with such Report as he may deem necessary, to the Principal of the College, by whom a Certificate will be granted or withheld, as he may judge to be right, from the Papers and Report.

45.—Having obtained the necessary Certificate of the Candidate's qualifications, the Commanding Officer will transmit it with the usual descriptive and character rolls, through the regular channel, to Army Head Quarters, whence, with the sanction of the Commander-in-Chief, the Papers will be transferred, for registry of the application, to the Office of the Secretary to Government.

46.—Civilians desirous of being appointed Assistant Overseers should apply to the Executive Engineer of the District in which they reside, who on being satisfied that the Candidate bears a good character and appears likely to come up to the standard of qualification, and is not above 25, or if a Sub-Overseer 30 years of age, will in the first instance send him to the Civil Surgeon, or to some other Government Medical Officer on the spot, for examination. The Medical Officer being satisfied as to the individual's physical fitness for employment, will furnish him with a Certificate to the following effect:—

"Certified that I have examined ——— and consider his eye-sight to be good, and that he appears to be able to undergo the fatigues of active employment as an Overseer in the Department of Public Works."

"(Signed) A. B.,"

"*Surgeon.*"

47.—On being presented with this Certificate, the Executive Engineer will send the Candidate to a Government College if there is one within a short distance, otherwise he will apply to the Principal of the nearest Government College for Examination Papers. The Examination will be conducted as above laid down for Soldiers; and on a Certificate being obtained, the Executive Engineer will transmit it with the Medical Certificate and a Report stating the residence, age and character of the Candidate, through the Superintending to the Chief Engineer, by whom the Papers will be forwarded for registry in the Office of the Secretary to the Government of India.

48.—Persons capable of conducting all the practical operations of an ordinary Survey with the theodolite, and of plotting and preparing maps, who may be required for the service of the Public Works Department, will be entertained as Assistant Overseers for Survey duties, on the same footing in every respect, except in departmental qualifications, as Assistant Overseers for general duties.

49.—Nominal Rolls of men registered will be sent quarterly, through the same channel as the Certificates, to the Secretary to Government, in order that he may be kept informed of any casualties or changes. Men not in the Service will be required to report themselves periodically to the Executive Engineer, failing which, their names will be struck off the Register.

50.—From the Register, the Government, from time to time, as vacancies occur, will appoint Candidates to officiate as Assistant Overseers on probation for one year. The men thus appointed will be posted to Provinces, and by the Local Governments to Districts as near to the Stations or residences of the Candidates respectively as the convenience of the Public Service will allow.

51.—Probationary Assistant Overseers will be expected to acquire a complete practical knowledge of the ordinary kinds of work required to be done under Departmental Supervision (see qualifications of Sub-Overseers 3rd Class, para. 4,) as well as such further practical knowledge of Engineering operations as they may have opportunity of acquiring. On completion of their probationary service (if not previously removed,) the Probationary Assistant Overseers will be reported on by the Officers under whom they have been serving.

52.—If satisfied with the conduct and qualifications of the Probationary Assistant Overseers, the Chief Engineer will recommend their permanent appointment to the Department; if not fully satisfied, he may order them to be kept on probation for any further period not exceeding one year; if he be of opinion that they are not qualified for permanent employment as Assistant Overseers, he will recommend their being remanded to their Corps if Soldiers, or discharged if Civilians.

53.—Probationary Assistant Overseers, considered by Government deserving of permanent appointment to the Department, will be gazetted as Assistant Overseers, from which date their standing on the list will reckon, and if Soldiers they will be brought on the Town Major's List.

54.—*Overseers, Assistant Supervisors,* and *Supervisors,* will be appointed by promotion from the lower grades to fill vacancies.

55.—No Subordinate will be promoted to a superior grade by virtue of seniority and good conduct only, unless he has served from his first appointment as Assistant Overseer in the Department of Public Works, as follows:—

		Years.
For promotion to	Overseer,	5
	Assistant-Supervisor,	15
	Supervisor,	20
	Sub-Engineer 3rd Class,	25
	Sub-Engineer 2nd Class,	30
	Sub-Engineer 1st Class,	35

56.—Promotions in other cases up to the rank of Supervisor inclusive will be made by selecting the individual, who from his good conduct, superior management as a Departmental Officer and the possession of a higher degree of professional knowledge, shall appear to be the most deserving

of advancement. Individuals who have passed the Examination detailed in the next paragraph, or in para. 61, will be considered as having superior claims.

57.—Any individual of superior qualifications, who may have served upwards of three years in the Subordinate Department, if favorably reported on by his official superiors, may be permitted to stand an Examination in Geometry, Trigonometry, Surveying with the Theodolite, Elementary Mechanics, the ordinary rules of construction and modes of preparing materials, and in preparing any design and estimate not requiring much scientific knowledge or professional skill. The Examination will be held at the requisition of the Chief Engineer, either at one of the Civil Engineering Colleges, or on Examination Papers obtained by the Chief Engineer from the College. In the latter case, it will be conducted by an Executive Engineer of three years standing (or Senior Engineer Officer) and an Assistant Engineer (not probationary) The original work of the Candidate and Report of the Examiners will be sent to the Principal, who will inform the Chief Engineer of the result, granting a Certificate if the Examination has been successfully passed. The Certificate will be forwarded by the Local Government with the Chief Engineer's Report on the character and practical qualifications of the Candidate to the Government of India, in order that the passed Candidate may be distinguished in the General List by having the letter A. affixed to his name.

58.—No one not entitled by seniority (under paragraph 55) will be eligible for promotion to Sub-Engineer, until he shall have passed the Examination described in the last paragraph or in para. 62.

59.—The subsequent advancement of Sub-Engineers will depend on their general merit, as shown in the periodical Reports of conduct and qualification.

60.—New promotions in the subordinate grades will remain posted to the Provinces in which they were previously serving, but the Government from time to time make such transfers as may appear necessary.

61.—*Probationary Assistant Engineers* will be appointed—

(1.) From Officers of the Engineer Corps.

(2.) From Officers of Artillery, Cavalry or Infantry of the E. I. C. S. or of H. M.'s Regiments serving in India, who have passed the Examination described in the next paragraph: and subject to the ordinary Rules regarding the withdrawal of Officers from their Corps for Staff employ.

(3.) From deserving individuals of the Upper Subordinate Establishment, who may have passed the same Examination, and also that laid down in G. O. P. C. No. 244 of 19th April 1851, (omitting the Fortification). This last examination may be dispensed with under special authority.

(4.) From Civil Engineers sent out from Europe by the Hon'ble Court of Directors.

(5.) From persons, European, East Indian or Native, who may have received Certificates of qualification and good conduct from the Government Colleges of Civil Engineering in India.

(6.) From persons otherwise reported qualified as provided in paras. 64, 65 and 66.

62.—The Examination to be passed by Military Officers to render them eligible to be appointed Assistant Engineers on probation will embrace Mensuration, Geometry, Algebra, Plane Trigonometry, Mechanics (including the general principles of the stability of structures and strength of materials,) Hydraulics; the nature and preparation of materials, the ordinary practical rules of construction, and ability to frame ordinary designs and estimates on being furnished with the rates of work; as well as Surveying with the Theodolite, Compass and Chain, and Levelling.

63.—Candidates for Examination, being Military Officers, must apply through the usual channel to the Officer Commanding the Station, who will arrange with the Principal of the nearest Government Civil Engineering College for the Examination of the Candidate if within a moderate distance, or for the supply of Examination Papers (to be delivered sealed to the Examiners) if the Station be at a distance from the College. The Examiners shall be an Executive Engineer or Engineer Officer of standing, and an Assistant Engineer (not on probation) or Subaltern Officer of Engineers, who shall meet at such time and place as may be sanctioned by the Commanding Officer of the Station.

64.—The Report of the Examiners, with the Candidate's original answers to the questions in the Examination Papers, shall be forwarded by the Examiners direct to the Principal of the College, who shall communicate the result of the Examination to the Commanding Officer of the Station, forwarding a Certificate if he be of opinion that the Candidate has passed. The Certificate shall be transmitted to Army Head Quarters, in order that the qualification of the Officer may be notified in General Orders, and recorded in the Army List.

65.—Candidates for employment as Probationary Assistant Engineers not being Commissioned Officers must pass the Examination on professional subjects laid down for Commissioned Officers, and must also give proof that they have received a liberal education, to which end they must produce satisfactory evidence of having graduated at some recognized Universtiy, or must pass the Examination laid down in G. O. P. C. No. 244, of 19th April 1851, omitting the subject of Fortification.

66.—Certificates granted by the Principals of the Government Colleges to students will always be considered as sufficient evidence of professional and educational qualification. The Principals of the Government Colleges are also authorized to grant Certificates to persons not students, who may have been examined by them on the application of the Chief Engineers. Certificates of qualification from Civil Engineering Institutions in Europe or America may also, on the Report of the Chief Engineer, be admitted at the discretion of the Local Government as sufficient evidence of professional and educational qualification.

67.—No person, not in the Service of Government, will be appointed an Assistant Engineer on probation on evidence of professional and educational qualification alone, but must also satisfy Government as to his character.

68.—Gentlemen thoroughly acquainted with the theory and practice of Surveying in all it branches, who may be required for Service in the Public Works Department, will be entertained as Assistant Engineers for survey duties under the same rules as Assistant Engineers for general duties, except in regard to professional qualifications.

69.—In all ordinary cases, Probationary Assistant Engineers will be examined as to their fitness for promotion to Assistant Engineer. If Engineer Officers, they must before they can be examined, have served one year in India If not Engineer Officers, they must have served one year as Probationary Assistant Engineers. Every Probationary Assistant Engineer, before he can be examined for promotion, must be favorably reported on by his Official superiors, and must have passed the Examination in the Hindustanee language contemplated by G. O. G. G. 9th January 1837, or a similar Examination in the language of the District in which he is to be employed. The Examination which each will be required to undergo before he can be promoted will be such as to show that he is capable of preparing designs and estimates for all descriptions of buildings and works usually required of Executive Engineers ; that he is acquainted with the processes for preparing materials, and with the modes of construction in use in India ; that he has a good knowledge of the resources of the Districts in which he may have been employed, as to materials and of the best mode of applying them, and that he understands the management of work-people ; also that he has made himself acquainted with the Rules and understands the Forms of Account in use in the Department.

70.—This Examination will be conducted by a Committee composed of one Superintending Engineer as President and two Executive Engineers or Engineer Officers of standing as Members. The record of the Committee's proceedings, with the Chief Engineer's observations and recommendation, will be submitted to the Government of India, by whom the appointment will be made. These Committees may be convened by Chief Engineers, on application for Examination by Candidates who have served the prescribed period, and are possessed of the preliminary qualifications.

71.—The Right Hon'ble the Governor General in Council will in special cases dispense with the Examination or reduce the period of service on probation.

72.—Any Officer who has been appointed permanently Assistant Engineer, or who may at any time prior to the 1st May 1856 have acted as Executive Engineer or Executive Officer for a period exceeding one year, shall be eligible to be appointed Executive Engineer, provided he has passed the Examination in the native languages prescribed in para. 69.

73.—The appointment of an Executive Engineer to a particular class of that grade will depend on the services and merit of the individual and not on the particular charge he holds. Accuracy in keeping, and punctuality in rendering Accounts of expenditure, will be particularly looked to in considering an Officer's claim to promotion in the Department.

74. The deposit of Securities by Executive Engineers is not required under the new organization but every person not in the Military Service, nor under covenant to the Court of Directors, must, before he can be permanently appointed to the Engineer Establishment or Upper Subordinate Establishment, furnish Security to the amount of 2,000 Rupees in the former and of 400 Rupees in the latter to be forfeited in the event of his leaving the Department without leave, or without giving six months' notice.

Legislative Council.

The 14th June 1856.

THE following Bill was read a second time on the 14th June 1856, and was referred to a Select Committee who are to report thereon after the 18th of August next.

A Bill for establishing a toll on Boats and Timber passing through the Kurratiya river in the district of Bogra.

Preamble.

WHEREAS it is expedient, with a view to afford facilities for the internal commerce of the districts of Dinagepore, Rungpore, and Bogra, to adopt measures for the improvement of the navigation of that part of the Kurratiya river, which lies within the district of Bogra, by removing the obstructions by which the passage through it is now impeded; and whereas the measure in question will necessarily occasion a considerable outlay at the first, and an annual expense thereafter, and it is just and reasonable that, to defray the same, a moderate toll should be levied on all boats, timber, rafts, floats, and the like, passing through or within such part of the said river; and whereas it is expedient to encourage individual enterprise, and the employment of private capital on works of public utility: It is enacted as follows:—

Tolls may be levied on the Kurratiya.

I. Tolls, at the rates specified in the Schedule annexed to this Act, may be levied on all boats, timber, rafts, floats, and the like, passing through or within the aforesaid part of the Kurratiya river, at such stations or places as the Lieutenant Governor of Bengal may from time to time appoint. The said tolls shall be levied by such persons, and under such rules, as the said Lieutenant Governor may direct; and all such rules shall be duly notified in the English and Vernacular Gazettes for public information.

But not till measures have been taken for improving the navigation.

II. Provided that no such toll shall be levied until the Lieutenant Governor of Bengal shall be satisfied, by the report of a competent person, that effective measures have been taken by the excavation of a canal, or the removal of obstructions in the existing channel, or both, to render the passage navigable throughout the year. Provided, also, that the levy of the said tolls shall be continued only so long as the passage is kept so navigable.

Boats, &c. may be detained and sold for non-payment of toll.

III. The person appointed or empowered to collect the said tolls may detain any boat, timber, raft, float, or the like, for which the toll chargeable under this Act is not paid; and, on the report of such person, which report shall be made within twenty-four hours, the Deputy Collector of Bogra, or other public officer duly authorized by Government in that behalf, may publish a notice appointing a day for the sale of the same. At or after the time appointed by the notice, which shall not be less than fifteen days from the date of the publication thereof, if the toll be not paid, or sufficient cause for non-payment be not shown to the satisfaction of the Deputy Collector or other officer as aforesaid, such officer may sell the thing detained, or, in the case of a raft or float, such part thereof as may be necessary for

the recovery of the toll, and shall pay the overplus, if any, to the owner on demand.

Penalty for unlawful detention.

IV. Any person who, under color of this Act, shall unlawfully detain any boat, timber, raft, float, or the like, or shall neglect, or, without lawful excuse, delay to report the detention of any boat, timber, raft, float, or the like, to the Deputy Collector or other officer as aforesaid, or shall demand as toll any larger sum than is authorized by the Schedule annexed to this Act, shall, on conviction before a Magistrate, or other officer exercising the powers of Magistrate, forfeit a sum not exceeding 200 Rupees.

Government may authorize any private person to carry out object of Act.

V. For the purpose of carrying out the objects of this Act, the Lieutenant Governor of Bengal may authorize any public officer to cut any canal, clear and deepen any channel, stop any watercourse, or otherwise cause the return of the stream to its original bed, or may grant the like authority to any private person who may undertake to carry out those objects at his own expense; and may take possession, as for a public purpose, of any land that may be necessary for the execution of any of the above-mentioned works, under the provisions of Regulation I of 1824, or of any Act that may hereafter be in force for taking possession of land for public purposes, whether the said works are to be executed on account of Government, or of such private person as aforesaid.

And may give him a grant of the tolls.

VI. If the Lieutenant Governor shall grant authority to any private person to carry out the objects of this Act at his own expense, he may also make a grant of the said tolls to such person upon such conditions and for such a term as to the said Lieutenant Governor shall appear just and proper.

They will, under general instructions from the Chief Engineer, dispose by their own authority of all minor matters coming under their notice, and will report upon others for the information of the Chief Engineer.

17.—Each Chief Engineer will Audit all expenditure in his Department, and will furnish to Government the prescribed Financial Statements and Returns. To him will be submitted the Accounts of all expenditure by Executive Engineers, after being properly abstracted and compiled in the Central Office of Account and having the remarks of the Superintending Engineer recorded on them. 22.—Cashiers shall be appointed for the custody, payment and receipt of cash, at all places where the disbursements are considerable. They will have no power to make payments except on the written orders of the Executive Engineer, his Assistant, or of such Executive Subordinate Officers as may be authorized to draw on them. They will submit their Accounts direct to Executive Engineers, supported by the orders duly receipted, or Pay Lists witnessed by the Executive Subordinate.

27.—These Books must be carefully inspected by Superintending Engineers on their tours, and any complaint made by Subordinates of the entries against them, or concerning the punishment awarded, must be carefully inquired into by the Superintending Engineer and reported on for the orders of the Chief Engineer.

28.—Every Chief Engineer shall, as soon as possible after the close of each official year, submit to the Government or Commissioner, under whose orders he may be acting, a Report on the official and professional conduct of every Officer of the Upper Subordinate Establishment serving under him, particularly stating the qualifications of each for situations of greater trust and responsibility.

They must also be able to write and keep Accounts in English, unless when the Chief Engineer shall for special reasons dispense with this qualification.

34.—When a vacancy occurs for the appointment of a Head Artificer or Sub-Overseer 3rd Class, the Executive Engineer will report it through the Superintending Engineer to the Chief Engineer. For these situations preference will be given to men educated at a Government Institution, and to men in the Department who may have been brought to the Chief Engineer's notice by Superintending Engineers as deserving of promotion. Should no one of these classes be available, the Executive Engineer will be instructed to take measures to fill up the vacancy, for which purpose he will endeavour to procure a fully qualified individual, and will not fill up the situation permanently till such a person shall have been obtained. It will be the duty of the Superintending Engineers on their inspections to examine and report upon newly appointed Subordinates of these grades. New appointments are to be considered probationary for one year.

The appointments will be made by the Local Governments, on the recommendation of the Chief Engineers, on probation for the first year.

45.—Having obtained the necessary Certificate of the Candidate's qualifications, the Commanding Officer will transmit it with the usual descriptive and character rolls, through the regular channel, to

When there is any hindrance to the acquisition by purchase of any land or building required for the purposes of this Act, the Local Government, upon the representation of the Commissioners and after such inquiry as may be thought proper, may declare that the land or building is needed for a public purpose, and may order proceedings for obtaining possession of the same for Government, and for determining the compensation to be paid to the parties interested, according to the laws now or hereafter to be in force for the acquisition of land for public purposes. And the Local Government may vest such land or building in the Commissioners on their paying the compensation awarded.

Power to sell lands.

CXXIX. The Commissioners, with the consent of the Local Government, may sell any lands vested in them by virtue of this Act or acquired by them for the purpose thereof either together or in parcels as they may find most convenient and advantageous, and the proceeds of such sale shall be applied to the purposes of this Act: and for carrying such sale into effect the Commissioners may execute a conveyance of the lands sold to the purchaser, and such conveyance shall be under the common seal of the Commissioners.

Power to sell old roads.

CXXX. Whenever any street or road hereby vested in the Commissioners shall be discontinued and stopped up under the provisions of Section VI of this Act, the Commissioners, with the consent of the Local Government, may sell the land or such part thereof as shall not be required for the purposes of this Act.

CXXXI. When any license is granted under the provisions of Section LXII, XCIII, or CIII of this Act authorizing the use of any place for any of the purposes therein described, and when permission is given under Section XIX for making any temporary erection, or under Section XXXVI for putting up any projection, the Commissioners may charge a fee for such license or permission; and the rates of the fees to be so charged shall be from time to time adjusted by the Commissioners with the sanction of the Local Government, provided that no such fee shall exceed the sum of fifty Rupees. When permission or license is given for the temporary occupation of any ground belonging to the Commissioners under the provisions of Section LXXXVII or Section LXXXIX, the Commissioners may charge rent for such ground, according to the time the occupation may continue, at such rates as may from time to time be sanctioned by the Local Government. All sums received by the Commissioners under this Section shall be applied by them to the purposes of this Act.

Damages and expenses how to be determined.

CXXXII. In all cases where any damages, costs, or expenses are by this Act directed to be paid, the amount of the same, in case of dispute, shall be ascertained and determined by two Magistrates, except in the Town of Bombay, and in the Town of Bombay by the Court of Petty Sessions; provided that, if there be only one Magistrate acting for any Town or Station, such ascertainment and determination may be made by a Magistrate and a Justice of the Peace.

CXXXIII. In any case referred to the determination of two Magistrates under this Act, it shall be lawful for any Magistrate, upon the application of either party, to summon the other party to appear before any two Magistrates, or before a Magistrate and a Justice of the Peace as the case may be, and in the Town of Bombay before the Court of Petty Sessions, at a time and place to be named in such summons; and every such summons shall be served by delivering the original or a copy thereof to the person summoned or by leaving the same at his usual place of abode with some adult male member or servant of his family. Upon the appearance of the parties, or, in the absence of any of them, upon proof of due service of the summons, it shall be lawful for such Magistrates or such Magistrate and Justice, or such Court to hear and determine such question, and for that purpose, to examine such parties or any of them and their witnesses on oath; and the cost of every such enquiry shall be in the discretion of such Magistrates, or such Magistrate and Justice or such Court, and they shall determine the amount thereof. Provided that, in the event of a difference of opinion between such Magistrates, or such Magistrate and Justice, the case shall be referred to the determination of a third Magistrate or (if there be no such Magistrate) of any Justice of the Peace to be selected by them.

Method of proceeding before Magistrates in questions of damages, &c.

Proviso.

CXXXIV. If the amount of damages, costs, or expenses ascertained in the manner above described be not paid by the party liable to pay the same within seven days after demand, such amount may be recovered under a warrant from the said Magistrates or either of them or the said Magistrate and Justice of the Peace or either of them or from the Court of Petty Sessions as the case may be, by distress and sale of the goods and chattels of such party, and the overplus, arising from the sale thereof, after satisfying such amount and the costs of the distress and sale, shall be returned on demand to the party whose goods shall have been distrained.

Recovery of damages by distress.

CXXXV. Instead of proceeding by distress and sale, or in case of failure to realize by distress the whole or any part of any expenses, charges, or damages awarded under the provisions of this Act, the Commissioners may sue the person liable to pay the same in any Court of competent jurisdiction.

Commissioners may sue in competent Court instead or on failure of distress.

CXXXVI. No distress levied by virtue of this Act, shall be deemed unlawful, nor shall any party making the same be deemed a trespasser, on account of any defect or want of form in the summons, conviction, warrant of distress, or other proceeding relating thereto, nor shall such party be deemed a trespasser *ab initio* on account of any irregularity afterwards committed by him; but all persons aggrieved by such irregularity, may recover full satisfaction for the special damage in any Court of competent jurisdiction.

Distress not unlawful for want of form.

CXXXVII. Every fine or penalty imposed under or by virtue of this Act, or any bye-law made in pursuance thereof, may be recovered by summary proceeding before a Magistrate upon information exhibited by order of the Commissioners.

Recovery of fines and penalties.

CXXXVIII. The Magistrate by whom any fine or penalty is imposed by virtue of this Act may award not more than one-half thereof or any less sum to the informer, and shall order the remainder, or if he make no award to the informer, the whole of such fine or penalty to be paid to the Commissioners, to be by them applied to the purposes of this Act.

No person liable to fine or penalty unless complaint made within three months after offence committed.

CXL. If through any act, neglect, or default, on account whereof any person shall have incurred any penalty imposed by this Act, any damage to the property of the Commissioners shall have been committed by such person, he shall be liable to make good such damage as well as to pay such penalty; and the amount of such damage shall, in case of dispute, be determined by the Magistrate by whom the party incurring such penalty shall have been convicted; and, on non-payment of such damage on demand, the same shall be levied by distress, and such Magistrate shall issue his warrant accordingly.

Damage to the Commissioners' property to be made good in addition to penalty.

CXLI. It shall be the duty of all Police Officers to give immediate information to the Commissioners of any offence committed contrary to the provisions of this Act. The 14th June 1856.

THE following Bill was read a second time on the 14th June 1856, and was referred to a Select Committee who are to report thereon after the 18th of August next.

A Bill for establishing a toll on Boats and Timber passing through the Kurratiya river in the district of Bogra.

Preamble.

WHEREAS it is expedient, with a view to afford facilities for the internal commerce of the districts of Dinagepore, Rungpore, and Bogra, to adopt measures for the improvement of the navigation of that part of the Kurratiya river, which lies within the district of Bogra, by removing the obstructions by which the passage through it is now impeded; and whereas the measure in question will necessarily occasion a considerable outlay at the first, and an annual expense thereafter, and it is just and reasonable that, to defray the same, a moderate toll should be levied on all boats, timber, rafts, floats, and the like, passing through or within such part of the said river; and whereas it is expedient to encourage individual enterprise, and the employment of private capital on works of public utility: It is enacted as follows:—

Tolls may be levied on the Kurratiya.

I. Tolls, at the rates specified in the Schedule annexed to this Act, may be levied on all boats, timber, rafts, floats, and the like, passing through or within the aforesaid part of the Kurratiya river, at such stations or places as the Lieutenant-Governor of Bengal may from time to time appoint. The said tolls shall be levied by such persons, and under such rules, as the said Lieutenant-Governor may direct; and all such rules shall be duly notified in the English and Vernacular Gazettes for public information.

But not till measures have been taken for improving the navigation.

II. Provided that no such toll shall be levied until the Lieutenant-Governor of Bengal shall be satisfied, by the report of a competent person, that effective measures have been taken by the excavation of a canal, or the removal of obstructions in the existing channel, or both, to render the passage navigable throughout the year. Provided, also, that the levy of the said tolls shall be continued only so long as the passage is kept so navigable.

Boats, &c. may be detained and sold for non-payment of toll.

III. The person appointed or empowered to collect the said tolls may detain any boat, timber, raft, float, or the like, for which the toll chargeable under this Act is not paid; and, on the report of such person, which report shall be made within twenty-four hours, the Deputy Collector of Bogra, or other public officer duly authorized by Government in that behalf, may publish a notice appointing a day for the sale of the same. At or after the time appointed by the notice, which shall not be less than fifteen days from the date of the publication thereof, if the toll be not paid, or sufficient cause for non-payment be not shown to the satisfaction of the Deputy Collector or other officer as aforesaid, such officer may sell the thing detained, or, in the case of a raft or float, such part thereof as may be necessary for

the recovery of the toll, and shall pay the overplus, if any, to the owner on demand.

Penalty for unlawful detention.

IV. Any person who, under color of this Act, shall unlawfully detain any boat, timber, raft, float, or the like, or shall neglect, or, without lawful excuse, delay to report the detention of any boat, timber, raft, float, or the like, to the Deputy Collector or other officer as aforesaid, or shall demand as toll any larger sum than is authorized by the Schedule annexed to this Act, shall, on conviction before a Magistrate, or other officer exercising the powers of Magistrate, forfeit a sum not exceeding 200 Rupees.

Government may authorize any private person to carry out object of Act.

V. For the purpose of carrying out the objects of this Act, the Lieutenant-Governor of Bengal may authorize any public officer to cut any canal, clear and deepen any channel, stop any watercourse, or otherwise cause the return of the stream to its original bed, or may grant the like authority to any private person who may undertake to carry out those objects at his own expense; and may take possession, as for a public purpose, of any land that may be necessary for the execution of any of the above-mentioned works, under the provisions of Regulation I of 1824, or of any Act that may hereafter be in force for taking possession of land for public purposes, whether the said works are to be executed on account of Government, or of such private person as aforesaid.

And may give him a grant of the tolls.

VI. If the Lieutenant-Governor shall grant authority to any private person to carry out the objects of this Act at his own expense, he may also make a grant of the said tolls to such person upon such conditions and for such a term as to the said Lieutenant-Governor shall appear just and proper.

A Bill to comprise in one Act the provisions necessary for the assessment and collection of municipal rates and taxes in the Towns of Calcutta, Madras, and Bombay, and the several stations of the Settlement of Prince of Wales' Island, Singapore, and Malacca.

Preamble.

WHEREAS by special Acts for the Towns of Calcutta, Madras, and Bombay, and the Settlement of Prince of Wales' Island, Singapore, and Malacca, certain rates and taxes are imposed for raising funds for municipal purposes; and whereas it is expedient to comprise in one Act the provisions necessary for the assessment and collection of such rates and taxes: It is enacted as follows:—

Application of Act.

I. The provisions of this Act, save so far as they may be expressly varied or excepted by the special Act for any of the said Towns or for the said Settlement, shall apply to the assessment and collection of the rates and taxes imposed by such special Act, and to the Commissioners appointed thereby for the conservancy and improvement of such Town or of any station of the said Settlement; and such special Act and this Act shall be construed together as forming one Act.

Appointment of officers.

II. The Commissioners may from time to time appoint such assessors, collectors, and other officers as they shall think necessary and proper to assist in the execution of this and the special Act, and may from time to time remove any of such officers, and may pay such salaries and allowances to the said officers respectively as the Commissioners shall think reasonable, subject to the approval of the Local Government.

Assessment upon annual value of property.

III. The rate or rates imposed upon houses and lands in any of the said Towns or in the said Settlement by the special Act shall be assessed upon an estimate of the annual value of the property liable thereto.

Ascertaining annual value.

IV. The annual value of the houses and lands liable to the rate shall be computed and ascertained upon an estimate of the gross annual rent at which the same might reasonably be expected to let from year to year. The value of a house so estimated shall not include the value of any machinery contained therein.

Machinery.

V. For the purpose of such assessment as aforesaid, the Commissioners shall from year to year cause a valuation to be made of all houses and lands liable to the rate. Such valuation, estimated as is hereinbefore provided, shall be entered in a book to be kept at the office of the Commissioners, wherein shall also be written in distinct columns the name of the owner of the property; or, if the occupier, and not the owner, is the person liable to pay the rate, the name of the occupier; a designation of the property either by name or number sufficient to identify the same, together with the name of the street or district in which such property is situate, and the amount of the rate assessed thereon.

Valuation to be made and entered in a book.

VI. When the name of the owner or occupier is not known, it shall be sufficient to designate him in the said book, and also in any notice or other proceeding under this Act, as "the owner" or "the occupier" of the property on which the rate is assessed, without further description.

Description of owner or occupier if name unknown.

VII. In order to enable the Commissioners to arrive at a fair valuation of any houses or lands liable to the rate, it shall be lawful for the Commissioners to require the owner or occupier of such houses or lands to furnish them with returns of the rent or annual value thereof; and for the like purpose it shall be lawful for the Commissioners or any person or persons appointed by them for that purpose, at any time to enter on and inspect such houses or lands after having given twenty-four hours' previous notice of such their intention to the occupier thereof; and whoever refuses or to fails furnish any such return for the space of one week from the day on which he shall have been required so to do, or knowingly makes a false or incorrect return; and whoever hinders, obstructs, or prevents any one of the Commissioners or any person appointed by them as aforesaid from entering upon or inspecting any such houses or lands, shall be liable on conviction before a Magistrate to a penalty not exceeding 200 Rupees.

Returns, &c may be required for purpose of valuation.

VIII. When the valuation has been completed, the Commissioners shall give public notice thereof, and of the place where the said book containing the valuation and the rate assessed, or a copy of the said book, may be inspected in the *Government Gazette* (if any), and by advertisement in some newspaper circulating within the town or station, and also by placards posted up in conspicuous places throughout the same; and the person in whose custody such book may be shall permit every person claiming to be the owner or occupier of property included in the assessment, or the agent of such owner or occupier to inspect the book and to make extracts therefrom without payment of any fee; and any such person who wilfully neglects or refuses to permit the same, shall be liable on conviction before a Magistrate to a penalty of fifty rupees.

Public notice of valuation to be given.

IX. The Commissioners shall, at the time and in the manner in the preceding Section mentioned, give public notice of a day not less than fifteen days from the publication of such notice, when they will meet at their office for the purpose of receiving complaints against the said valuation and assessment and of revising the same; and all complaints so made shall be enquired into by the Commissioners, and such amendment shall thereupon be made in the said book as to the Commissioners shall appear just and proper.

Public notice of time of revising assessment.

X. In every case in which no valid objection is made to the valuation and assessment within the said period of fifteen days after such notice and publication, (if no appeal shall be preferred as hereinafter provided,) the entries in the said book contained shall, until the valuation and assessment is altered or amended, be taken as sufficient proof of the due valuation of the property therein described or referred to, and of the rate to be levied in respect thereof.

If no objection, assessment contained in book to be final.

XI. After the revision of the valuation and assessment has been completed, the amendments made in the said book shall be authenticated by the signature of two of the Commissioners, who shall at the same time certify under their signature that no valid objection has been made to the valuation and assessment in the said book entered, except in the cases in which amendments have been made as shown therein; and thereupon, and subject to such alterations and amendments as may thereafter be duly made, the rate so assessed shall be deemed to be the rate for the whole year in and for which the assessment is made, and such year shall commence on the 1st day of January.

After revision, assessment book to be signed.

Rate assessed to be deemed the rate for the whole year.

XII. Provided always that the Commissioners, upon the representation of parties or other information, may at any time amend the said book by inserting therein the name of any person whose name ought to be so inserted, or any property liable to the rate; or by striking out the name of any person or any property not liable to the rate, or by raising or reducing the amount of the rate, or by making any other alteration which will make the assessment conform to the provisions of this and the special Act: and in all cases in which any property is inserted as liable to the rate, or in which the amount of any rate is raised by such amendment, the same shall be considered to have been made at the time when the person interested first received notice thereof.

Alteration or amendment of assessment.

XIII. The taxes imposed upon vehicles and animals in any of the said Towns or in the said Settlement by the special Act, shall be assessed in the manner hereinafter provided.

Taxes upon vehicles and animals.

Returns may be required for purpose of making list.

XV. In order to enable the Commissioners to make such list, the Commissioners or any officer authorized by them may send to all persons supposed to be liable to the payment of such taxes a schedule to be filled up with such information respecting the vehicles and animals kept by them as the Commissioners may judge necessary for the assessment of the taxes. The schedule shall be filled up in writing, and signed, and dated, and returned to the office of the Commissioners by every person to whom it is sent, whether or not liable to the payment of such taxes; and whoever refuses, neglects, or omits, duly to fill up and return such schedule within one week from the receipt thereof, or knowingly gives therein any incorrect or false return, shall be liable, on conviction before a Magistrate, to a penalty not exceeding 200 Rupees.

Power to summon persons liable to the payment of the taxes.

XVI. The Commissioners may summon any person supposed to be liable to the payment of such taxes or any servant of such person, and may examine such person or his servant at a meeting of the Commissioners as to the number and description of the horses and carriages in respect of which such person is liable to be assessed. If the person summoned shall refuse, or, without lawful excuse, neglect to appear in pursuance of the summons, or shall refuse to answer any lawful question of the Commissioners, or knowingly give an incorrect answer, he shall be liable, on conviction before a Magistrate, to a penalty not exceeding 200 Rupees.

Complaint against rate, &c. to be determined by two Magistrates.

XVII. Appeals against any rate or tax settled by the Commissioners, under the provisions of this or the special Act, shall be heard and determined by two Magistrates, except in the Town of Bombay; and, in the Town of Bombay, by the Court of Petty Sessions. If there be only one Magistrate acting for any town or station, the appeal may be heard and determined by a Magistrate and a Justice of the Peace. But no appeal against a rate settled by the Commissioners under Section XI shall be heard, unless complaint has been previously made to the Commissioners. The mode of proceeding in such appeal shall be the same as that prescribed for the determination of matters referred to two Magistrates, and at Bombay to the said Court, by Act XIV of 1856. Provided that such Magistrates, or such Magistrate and Justice, and such Court, may, if they shall think fit, state a case for the opinion of the Supreme Court or (in the said Settlement) of Her Majesty's Court of Judicature.

Time of appeal.

XVIII. Every such appeal shall be commenced within ten days after the accrual of the cause of complaint; which shall in respect of any rate be deemed to accrue on the date of the certificate of the Commissioners in the said book; or, in case of any subsequent amendment of the said book, under the provisions of Section XII, upon the receipt by the person aggrieved of notice of such amendment; and in respect of any tax the cause of complaint shall be deemed to accrue upon the receipt by the person aggrieved of a bill for the sum claimed from him.

If no complaint, rate, &c. to be final.

XIX. The settlement by the Commissioners of any rate or tax, when no appeal therefrom is made as hereinbefore provided, and the adjudication of any appeal under Section XVII, shall be final and conclusive.

Assessment bill to be delivered.

XX. When any rate or tax is due, the Commissioners shall cause to be sent to the person liable to the payment thereof a bill for the sum due, which shall also contain a statement of the period and a description of the property or thing for which the rate or tax is charged. If the bill be for any tax, it shall also contain a notice of the time within which an appeal against such tax may be preferred.

Notice of demand.

XXI. If the Bill is not paid by the person liable to pay the same within five days from the delivery thereof, the Commissioners may cause to be served upon such person a notice of demand in the form (A) contained in the Schedule to this Act, or to the like effect; and if he shall not, within five days from the service of such notice of demand, pay the sum due, and if no appeal shall have been preferred, such sum with all costs may be recovered by distress and sale of the goods and chattels of the defaulter under a warrant in the form (B) in the Schedule, or to the like effect, to be issued for that purpose by the Commissioners.

Distress.

Inventory — notice of distress.

XXII. The officer charged with the execution of the warrant of distress shall make an inventory of the goods and chattels seized under any such warrant, and shall give a notice in writing, in the form (C) contained in the Schedule annexed to this Act, to the person in possession thereof at the time of the seizure, that the said goods and chattels will be sold as therein mentioned.

Sale.

XXIII. If the warrant is not in the meantime discharged or suspended by the Commissioners, the goods and chattels seized shall be sold under the orders of the Commissioners who shall apply the proceeds, or such part thereof as may be necessary, in discharge of the said arrears and costs; and the surplus, if any, shall be returned on demand to the person in possession of the goods and chattels at the time of the seizure. The fees payable upon distraints under this Act shall be such as are set forth in the table of fees in the said Schedule.

Fees.

Owner's goods wherever found may be distrained.

XXIV. The goods and chattels of any person from whom any rate or tax is due may be distrained wherever the same may be found for default in the payment of the money due from such person.

Rate due from owner may be recovered from occupier and deducted by him from his rent.

XXV. If the sum due on account of any rate has accrued due from the owner of any house or land within the period of one year, and remains unpaid, after notice of demand served upon the owner, the Commissioners may demand the amount from the occupier for the time being of such house or land, and on non-payment thereof, may recover the same by distress and sale of any goods and chattels found on the premises. And in such case the occupier may deduct from the next and following payments of his rent the

amount which may be so paid by or recovered from him.

Distress not unlawful for want of form.

XXVI. No distress levied by virtue of this or the special Act shall be deemed unlawful, nor shall any party making the same be deemed a tresspasser, on account of any defect or want of form in the notice, schedule, summons, notice of demand, warrant of distress, inventory, or other proceedings relating thereto, nor shall such party be deemed a tresspasser *ab initio* on account of any irregularity afterwards committed by him; but all persons aggrieved by such irregularity may recover full satisfaction for the special damage in any Court of competent jurisdiction.

Commissioners may sue instead or on failure of distress.

XXVII. Instead of proceeding by distress and sale, or in case of failure to realize by distress the whole or any part of the sum due in respect of any rate or tax, the Commissioners may sue the person liable to pay the same in any Court of competent jurisdiction.

Service of bills, notices, &c.

XXVIII. Every notice, schedule, summons, bill, or notice of demand regarding any assessment, rate, or tax, or any money due in respect of the same, may be served personally upon the person to whom the same is addressed, or be left at his usual place of abode with some adult male member or servant of his family, or, if it cannot be so served, may be put up on some conspicuous part of such place of abode, and shall thereby be deemed to be duly served.

Assessment, &c. not to be impeached for want of form.

XXIX. No assessment and no charge or demand of rate or tax, made under the authority of this or the special Act, shall be impeached or affected by reason of any mistake in the name of any person liable to pay the rate or tax or in the description of any property or thing liable to rate or tax or any mistake in the amount of assessment, provided the directions of this Act and of the special Act be in substance and effect complied with; and no proceedings under this or the special Act shall be quashed or set aside for want of form in any Court of Justice.

Obstructing Commissioners or their servants.

XXX. Whoever wilfully obstructs or molests the Commissioners, or any one of them, or any of their officers or servants, in the performance of their respective duties under this Act, shall be liable, on conviction before a Magistrate, to a penalty not exceeding fifty rupees.

Penalty on officer taking fees or being interested in contracts.

XXXI. Every officer employed by the Commissioners to assist in the execution of this and the special Act, who accepts, or obtains, or attempts to obtain any fee or gratuity whatsoever, other than his authorized salary or allowances, for doing or forbearing to do any official act, or who shall be in any wise concerned or interested in any bargain or contract made by the Commissioners, shall be removed from his office, and shall be incapable of being afterwards employed by the Commissioners, and shall be liable on conviction before a Magistrate to a penalty not exceeding five hundred Rupees.

CXXXIV. If the amount of damages, costs, or expenses ascertained in the manner above described be not paid by the party liable to pay the same within seven days after demand, such amount may be recovered under a warrant from the said Magistrates or either of them or the said Magistrate and Justice of the Peace or either of them or from the Court of Petty Sessions as the case may be, by distress and sale of the goods and chattels of such party, and the overplus, arising from the sale thereof, after satisfying such amount and the costs of the distress and sale, shall be returned on demand to the party whose goods shall have been distrained.

Commissioners may sue in competent Court instead or on failure of distress.

Distress not unlawful for want of form.

CXXXVI. No distress levied by virtue of this Act, shall be deemed unlawful, nor shall any party making the same be deemed a trespasser, on account of any defect or want of form in the summons, conviction, warrant of distress, or other proceeding relating thereto, nor shall such party be deemed a trespasser *ab initio* on account of any irregularity afterwards committed by him; but all persons aggrieved by such irregularity, may recover full satisfaction for the special damage in any Court of competent jurisdiction.

Recovery of fines and penalties.

CXXXVII. Every fine or penalty imposed under or by virtue of this Act, or any bye-law made in pursuance thereof, may be recovered by summary proceeding before a Magistrate upon information exhibited by order of the Commissioners.

How fines and penalties are to be applied.

CXXXVIII. The Magistrate by whom any fine or penalty is imposed by virtue of this Act may award not more than one-half thereof or any less sum to the informer, and shall order the remainder, or if he make no award to the informer, the whole of such fine or penalty to be paid to the Commissioners, to be by them applied to the purposes of this Act.

No person liable to fine or penalty unless complaint made within three months after offence committed.

CXXXIX. No person shall be liable to any fine or penalty under this Act, for any offence made cognizable before a Magistrate, unless the complaint respecting such offence shall have been made before a Magistrate within three months next after the commission of such offence.

Damage to the Commissioners' property to be made good in addition to penalty.

CXL. If through any act, neglect, or default, on account whereof any person shall have incurred any penalty imposed by this Act, any damage to the property of the Commissioners shall have been committed by such person, he shall be liable to make good such damage as well as to pay such penalty; and the amount of such damage shall, in case of dispute, be determined by the Magistrate by whom the party incurring such penalty shall have been convicted; and, on non-payment of such damage on demand, the same shall be levied by distress, and such Magistrate shall issue his warrant accordingly.

Police Officers to report offence to Commissioners and to arrest unknown offenders.

CXLI. It shall be the duty of all Police Officers to give immediate information to the Commissioners of any offence committed contrary to the provisions of this Act. The 21st June 1856.

THE following Bill was read a second time on the 21st June 1856, and was referred to a Select Committee who are to report thereon after the 25th of September next:—

A Bill to comprise in one Act the provisions necessary for the assessment and collection of municipal rates and taxes in the Towns of Calcutta, Madras, and Bombay, and the several stations of the Settlement of Prince of Wales' Island, Singapore, and Malacca.

Preamble.

WHEREAS by special Acts for the Towns of Calcutta, Madras, and Bombay, and the Settlement of Prince of Wales' Island, Singapore, and Malacca, certain rates and taxes are imposed for raising funds for municipal purposes; and whereas it is expedient to comprise in one Act the provisions necessary for the assessment and collection of such rates and taxes: It is enacted as follows:—

Application of Act.

I. The provisions of this Act, save so far as they may be expressly varied or excepted by the special Act for any of the said Towns or for the said Settlement, shall apply to the assessment and collection of the rates and taxes imposed by such special Act, and to the Commissioners appointed thereby for the conservancy and improvement of such Town or of any station of the said Settlement; and such special Act and this Act shall be construed together as forming one Act.

Appointment of officers.

II. The Commissioners may from time to time appoint such assessors, collectors, and other officers as they shall think necessary and proper to assist in the execution of this and the special Act, and may from time to time remove any of such officers, and may pay such salaries and allowances to the said officers respectively as the Commissioners shall think reasonable, subject to the approval of the Local Government.

Assessment upon annual value of property.

III. The rate or rates imposed upon houses and lands in any of the said Towns or in the said Settlement by the special Act shall be assessed upon an estimate of the annual value of the property liable thereto.

Ascertaining annual value.

IV. The annual value of the houses and lands liable to the rate shall be computed and ascertained upon an estimate of the gross annual rent at which the same might reasonably be expected to let from year to year. The value of a house so estimated shall not include the value of any machinery contained therein.

Machinery.

Valuation to be made and entered in a book.

V. For the purpose of such assessment as aforesaid, the Commissioners shall from year to year cause a valuation to be made of all houses and lands liable to the rate. Such valuation, estimated as is hereinbefore provided, shall be entered in a book to be kept at the office of the Commissioners, wherein shall also be written in distinct columns the name of the owner of the property; or, if the occupier, and not the owner, is the person liable to pay the rate, the name of the occupier; a designation of the property either by name or number sufficient to identify the same, together with the name of the street or district in which such property is situate, and the amount of the rate assessed thereon.

Description of owner or occupier if name unknown.

VI. When the name of the owner or occupier is not known, it shall be sufficient to designate him in the said book, and also in any notice or other proceeding under this Act, as "the owner" or "the occupier" of the property on which the rate is assessed, without further description.

Returns, &c. may be required for purpose of valuation.

VII. In order to enable the Commissioners to arrive at a fair valuation of any houses or lands liable to the rate, it shall be lawful for the Commissioners to require the owner or occupier of such houses or lands to furnish them with returns of the rent or annual value thereof; and for the like purpose it shall be lawful for the Commissioners or any person or persons appointed by them for that purpose, at any time to enter on and inspect such houses or lands after having given twenty-four hours' previous notice of such their intention to the occupier thereof; and whoever refuses or to fails furnish any such return for the space of one week from the day on which he shall have been required so to do, or knowingly makes a false or incorrect return; and whoever hinders, obstructs, or prevents any one of the Commissioners or any person appointed by them as aforesaid from entering upon or inspecting any such houses or lands, shall be liable on conviction before a Magistrate to a penalty not exceeding 200 Rupees.

Public notice of valuation to be given.

VIII. When the valuation has been completed, the Commissioners shall give public notice thereof, and of the place where the said

book containing the valuation and the rate assessed, or a copy of the said book, may be inspected in the *Government Gazette* (if any), and by advertisement in some newspaper circulating within the town or station, and also by placards posted up in conspicuous places throughout the same; and the person in whose custody such book may be shall permit every person claiming to be the owner or occupier of property included in the assessment, or the agent of such owner or occupier to inspect the book and to make extracts therefrom without payment of any fee; and any such person who wilfully neglects or refuses to permit the same, shall be liable on conviction before a Magistrate to a penalty of fifty rupees.

Public notice of time of revising assessment.

IX. The Commissioners shall, at the time and in the manner in the preceding Section mentioned, give public notice of a day not less than fifteen days from the publication of such notice, when they will meet at their office for the purpose of receiving complaints against the said valuation and assessment and of revising the same; and all complaints so made shall be enquired into by the Commissioners, and such amendment shall thereupon be made in the said book as to the Commissioners shall appear just and proper.

If no objection, assessment contained in book to be final.

X. In every case in which no valid objection is made to the valuation and assessment within the said period of fifteen days after such notice and publication, (if no appeal shall be preferred as hereinafter provided,) the entries in the said book contained shall, until the valuation and assessment is altered or amended, be taken as sufficient proof of the due valuation of the property therein described or referred to, and of the rate to be levied in respect thereof.

After revision, assessment book to be signed.

XI. After the revision of the valuation and assessment has been completed, the amendments made in the said book shall be authenticated by the signature of two of the Commissioners, who shall at the same time certify under their signature that no valid objection has been made to the valuation and assessment in the said book entered, except in the cases in which amendments have been made as shown therein; and thereupon, and subject to such alterations and amendments as may thereafter be duly made, the rate so assessed shall be deemed to be the rate for the whole year in and for which the assessment is made, and such year shall commence on the 1st day of January.

Rate assessed to be deemed the rate for the whole year.

Alteration or amendment of assessment.

XII. Provided always that the Commissioners, upon the representation of parties or other information, may at any time amend the said book by inserting therein the name of any person whose name ought to be so inserted, or any property liable to the rate; or by striking out the name of any person or any property not liable to the rate, or by raising or reducing the amount of the rate, or by making any other alteration which will make the assessment conform to the provisions of this and the special Act: and in all cases in which any property is inserted as liable to the rate, or in which the amount of any rate is raised by such amendment, the same shall be considered to have been made at the time when the person interested first received notice thereof.

Taxes upon vehicles and animals.

XIII. The taxes imposed upon vehicles and animals in any of the said Towns or in the said Settlement by the special Act, shall be assessed in the manner hereinafter provided.

List of horses and carriages, &c. liable to the tax to be prepared and entered in a book.

XIV. The Commissioners shall from time to time cause to be prepared and entered in distinct columns in a book to be kept at the Office of the Commissioners, and to be open to the inspection of any person interested therein, a list of the persons liable to the payment of such taxes, a description of the vehicles and animals in respect of which they are liable, and the amount of the taxes assessed thereon.

Returns may be required for purpose of making list.

XV. In order to enable the Commissioners to make such list, the Commissioners or any officer authorized by them may send to all persons supposed to be liable to the payment of such taxes a schedule to be filled up with such information respecting the vehicles and animals kept by them as the Commissioners may judge necessary for the assessment of the taxes. The schedule shall be filled up in writing, and signed, and dated, and returned to the office of the Commissioners by every person to whom it is sent, whether or not liable to the payment of such taxes; and whoever refuses, neglects, or omits, duly to fill up and return such schedule within one week from the receipt thereof, or knowingly gives therein any incorrect or false return, shall be liable, on conviction before a Magistrate, to a penalty not exceeding 200 Rupees.

Power to summon persons liable to the payment of the taxes.

XVI. The Commissioners may summon any person supposed to be liable to the payment of such taxes or any servant of such person, and may examine such person or his servant at a meeting of the Commissioners as to the number and description of the horses and carriages in respect of which such person is liable to be assessed. If the person summoned shall refuse, or, without lawful excuse, neglect to appear in pursuance of the summons, or shall refuse to answer any lawful question of the Commissioners, or knowingly give an incorrect answer, he shall be liable, on conviction before a Magistrate, to a penalty not exceeding 200 Rupees.

Complaint against rate, &c. to be determined by two Magistrates.

XVII. Appeals against any rate or tax settled by the Commissioners, under the provisions of this or the special Act, shall be heard and determined by two Magistrates, except in the Town of Bombay; and, in the Town of Bombay, by the Court of Petty Sessions. If there be only one Magistrate acting for any town or station, the appeal may be heard and determined by a Magistrate and a Justice of the Peace. But no appeal against a rate settled by the Commissioners under Section XI shall be heard, unless complaint has been previously made to the Commissioners. The mode of proceeding in such appeal shall be the same as that prescribed for the determination of matters referred to two Magistrates, and at Bombay to the said Court, by Act XIV of 1856. Provided that such Magistrates, or such Magistrate and Justice, and such Court, may, if they shall think fit, state a case for the opinion of the Supreme Court or (in the said Settlement) of Her Majesty's Court of Judicature.

Time of appeal.

XVIII. Every such appeal shall be commenced within ten days after the accrual of the cause of complaint; which shall in respect of any rate be deemed to accrue on the date of the certificate of the Commissioners in the said book; or, in case of any subsequent amendment of the said book, under the provisions of Section XII, upon the receipt by the person aggrieved of notice of such amendment; and in respect of any tax the cause of complaint shall be deemed to accrue upon the receipt by the person aggrieved of a bill for the sum claimed from him.

If no complaint, rate, &c. to be final.

XIX. The settlement by the Commissioners of any rate or tax, when no appeal therefrom is made as hereinbefore provided, and the adjudication of any appeal under Section XVII, shall be final and conclusive.

Assessment bill to be delivered.

XX. When any rate or tax is due, the Commissioners shall cause to be sent to the person liable to the payment thereof a bill for the sum due, which shall also contain a statement of the period and a description of the property or thing for which the rate or tax is charged. If the bill be for any tax, it shall also contain a notice of the time within which an appeal against such tax may be preferred.

Notice of demand.

XXI. If the Bill is not paid by the person liable to pay the same within five days from the delivery thereof, the Commissioners may cause to be served upon such person a notice of demand in the form (A) contained in the Schedule to this Act, or to the like effect; and if he shall not, within five days from the service of such notice of demand, pay the sum due, and if no appeal shall have been preferred, such sum with all costs may be recovered by distress and sale of the goods and chattels of the defaulter under a warrant in the form (B) in the Schedule, or to the like effect, to be issued for that purpose by the Commissioners.

Distress.

Inventory — notice of distress.

XXII. The officer charged with the execution of the warrant of distress shall make an inventory of the goods and chattels seized under any such warrant, and shall give a notice in writing, in the form (C) contained in the Schedule annexed to this Act, to the person in possession thereof at the time of the seizure, that the said goods and chattels will be sold as therein mentioned.

Sale.

Fees.

XXIII. If the warrant is not in the meantime discharged or suspended by the Commissioners, the goods and chattels seized shall be sold under the orders of the Commissioners who shall apply the proceeds, or such part thereof as may be necessary, in discharge of the said arrears and costs; and the surplus, if any, shall be returned on demand to the person in possession of the goods and chattels at the time of the seizure. The fees payable upon distraints under this Act shall be such as are set forth in the table of fees in the said Schedule.

Owner's goods wherever found may be distrained.

XXIV. The goods and chattels of any person from whom any rate or tax is due may be distrained wherever the same may be found for default in the payment of the money due from such person.

Rate due from owner may be recovered from occupier and deducted by him from his rent.

XXV. If the sum due on account of any rate has accrued due from the owner of any house or land within the period of one year, and remains unpaid, after notice of demand served upon the owner, the Commissioners may demand the amount from the occupier for the time being of such house or land, and on non-payment thereof, may recover the same by distress and sale of any goods and chattels found on the premises. And in such case the occupier may deduct from the next and following payments of his rent the amount which may be so paid by or recovered from him.

Distress not unlawful for want of form.

XXVI. No distress levied by virtue of this or the special Act shall be deemed unlawful, nor shall any party making the same be deemed a trespasser, on account of any defect or want of form in the notice, schedule, summons, notice of demand, warrant of distress, inventory, or other proceedings relating thereto, nor shall such party be deemed a trespasser *ab initio* on account of any irregularity afterwards committed by him; but all persons aggrieved by such irregularity may recover full satisfaction for the special damage in any Court of competent jurisdiction.

Commissioners may sue instead or on failure of distress.

XXVII. Instead of proceeding by distress and sale, or in case of failure to realize by distress the whole or any part of the sum due in respect of any rate or tax, the Commissioners may sue the person liable to pay the same in any Court of competent jurisdiction.

Service of bills, notices, &c.

XXVIII. Every notice, schedule, summons, bill, or notice of demand regarding any assessment, rate, or tax, or any money due in respect of the same, may be served personally upon the person to whom the same is addressed, or be left at his usual place of abode with some adult male member or servant of his family, or, if it cannot be so served, may be put up on some conspicuous part of such place of abode, and shall thereby be deemed to be duly served.

Assessment, &c. not to be impeached for want of form.

XXIX. No assessment and no charge or demand of rate or tax, made under the authority of this or the special Act, shall be impeached or affected by reason of any mistake in the name of any person liable to pay the rate or tax or in the description of any property or thing liable to rate or tax or any mistake in the amount of assessment, provided the directions of this Act and of the special Act be in substance and effect complied with; and no proceedings under this or the special Act shall be quashed or set aside for want of form in any Court of Justice.

Obstructing Commissioners or their servants.

XXX. Whoever wilfully obstructs or molests the Commissioners, or any one of them, or any of their officers or servants, in the performance of their respective duties under this Act, shall be liable, on conviction before a Magistrate, to a penalty not exceeding fifty rupees.

Penalty on officer taking fees or being interested in contracts.

XXXI. Every officer employed by the Commissioners to assist in the execution of this and the special Act, who accepts, or obtains, or attempts to obtain any fee

or gratuity whatsoever, other than his authorized salary or allowances, for doing or forbearing to do any official act, or who shall be in any wise concerned or interested in any bargain or contract made by the Commissioners, shall be removed from his office, and shall be incapable of being afterwards employed by the Commissioners, and shall be liable on conviction before a Magistrate to a penalty not exceeding five hundred Rupees.

No writ or process to be issued against Commissioners or their officers until after one month's notice of cause of action, &c.

XXXII. No action shall be brought against the Commissioners, or any of their officers, or any person acting under the direction of the Commissioners, for any thing done or intended to be done under the powers of this or the special Act, until the expiration of one month next after notice in writing shall have been delivered or left at the office of the Commissioners or at the place of abode of such person, explicitly stating the cause of action, and the name and place of abode of the intended plaintiff, and of his attorney or agent in the cause; and upon the trial of any such action, the plaintiff shall not be permitted to go into evidence of any cause of action, except such as is stated in the notice so delivered; and unless such notice be proved, the Court shall find for the defendant; and every such action shall be commenced within three months next after the accrual of the cause of action, and not afterwards; and if any person to whom any such notice is given shall, before action brought, tender sufficient amends to the plaintiff, such plaintiff shall not recover in any such action when brought; and if no such tender shall have been made, it shall be lawful for the defendant in such action, by leave of the Court where such action shall be pending, at any time before issue joined, to pay into Court such sum of money as he shall think fit, and thereupon such proceedings shall be had as in other cases where defendants are allowed to pay money into Court.

Commissioners to publish annual statements.

XXXIII. The Commissioners shall, as soon after the 1st day of January in every year as may be practicable, prepare a detailed statement showing the nature and amount of the receipts and disbursements on account of the Municipal Fund for the past year, and also a report of their proceedings during that year; and such statement and report shall be printed and published for general information. The accounts of the said funds may, at the request of not less than rate-payers, be audited by such person as the Local Government shall appoint.

Audit of Accounts.

Summary of convictions to be laid before the Commissioners.

XXXIV. For better enabling the Commissioners to ascertain the amount of fines and penalties payable to them on account of the Municipal Fund under the provisions of Act XIV of 1856, or of the special Act, or of any other law, there shall, in every month, be furnished to them by the authority adjudicating the same a summary of all convictions under the said Acts, or under any such other law, during the preceding month.

Mortgage of rates.

XXXV. It shall be lawful for the Commissioners, with the sanction of the Local Government, to borrow and take up at interest, on the credit of the rates and taxes imposed and levied on account of the Municipal Fund, under the special Act, or any other Act passed in that behalf, or of a portion of them, any sums of money necessary for defraying any expenses incurred or to be incurred by them in the execution of any such Act or of Act XIV of 1856; and for the purpose of securing the re-payment of any sums so borrowed, together with such interest as aforesaid, the Commissioners may mortgage and assign over, to the person by or on behalf of whom such sums shall be advanced, the rates and taxes or the portion of them upon the credit of which such sums shall be borrowed. Provided always that the money borrowed under the authority of this Act shall be borrowed only for works of a permanent nature, and shall not at any time exceed in the whole ten times the average annual sum received and collected in respect of such rates and taxes.

LONDON,
17*th May* 1856.

War Office, 25th May 1855.

115083/1627

Sir,

WITH reference to the Warrants and War Office Circular specified in the margin, respecting the grant of Gratuities to Soldiers for good conduct and of Annuities for meritorious services, I am directed to acquaint you that the Secretary at War's attention has been drawn to the proper mode of paying and charging the same in those cases in which the recipients are actually serving in India; and as these rewards are payable for exemplary conduct, or distinguished service while the men are serving, as well as after discharge, it is proposed that in each case of a Gratuity being awarded to a Soldier at the time he shall be serving in a British Regiment in India, a Notification thereof should be made by this Office to the General Officer Commanding at the Presidency in which the Regiment is stationed, in order that the necessary instructions may be given in India for paying the amount out of the Company's Treasury and placing the same to the credit of the man in the Savings' Bank of his Regiment.

Royal Warrant, 1st July 1848, pages 12 and 13.
Royal Warrant, 14th June 1853.
Royal Warrant, 13th April 1854.
War Office Circular of 22nd May 1854.

In like manner a Notification will be made of any Annuity granted to a Soldier while so serving, in order that the amount awarded may be issued to him by the Company's Authorities in India so long as he remains in that Country, and on his return home it will be paid by the Pay Master General and charged to the British Government.

I am to request, therefore, that you will inform me whether the Court of Directors concur in this mode of paying and charging such Rewards while the men are serving in India, in order that the necessary instructions may be issued for giving effect thereto.

The four Regulations referred to are herewith enclosed.

I have, &c.,

(Signed) B. HAWES.

THE SECRETARY,
EAST INDIA HOUSE.

EAST INDIA HOUSE,
25*th July* 1855.

SIR,

THE Court of Directors of the East India Company have considered your letter, dated 25th May last, 115083/1627, referring to the Royal Warrants and War Office Circular specified in the margin, "respecting the grant of Gratuities to Soldiers for good conduct, and of Annuities for meritorious services."

Royal Warrant, 1st July 1848, pages 12 and 13.
Royal Warrant, 14th June 1853.
Royal Warrant, 13th April 1854.
War Office Circular of 22nd May 1854.

The Court observe that the Warrant of 13th April 1854 provides that Commanding Officers of Regiments may annually recommend under certain limits and conditions meritorious Soldiers for prospective Gratuities, which Gratuities when sanctioned are to be deposited in the Regimental Savings' Bank and paid to the Soldiers with Interest, on their discharge from the Service.

Also that, by the Warrant of 14th June 1853, the Annuities awarded for distinguished or meritorious service to Serjeants, either while serving or after discharge, "may be held during service and together with Pension."

In reference to the above Regulations, the Secretary for War proposes in respect of Regiments on the India Establishment that, "as these Rewards are payable for exemplary conduct or distinguished service while the men are serving, as well as after discharge," the Gratuities shall be paid out of the Company's Treasury and placed to the credit of the men in the Savings' Banks of their Regiments, and that the Annuities shall also be paid from the Company's Treasury so long as the men remain in India.

In reference to the first point, I am commanded by the Court to state that they are of opinion that all Gratuities payable to Soldiers after their discharge from the Army fall within the provision already made by the East India Company, under the Act of 4th Geo. IV., Cap. 71, and although the Court have no objection to the money being advanced from the Company's Treasury for investment in the Savings' Bank in India, they must claim reimbursement of the same from Her Majesty's Government.

With respect to the Annuities to Sergeants for distinguished services, I am directed to state that the Court view those Rewards in the light of additional Pay while on service, and as such they acquiesce in the proposition of the Secretary at War that they should be borne by India so long as the Regiments to which the Sergeants belong remain on the India Establishment.

I have, &c.,

Secretary.

SIR,

WITH reference to the letter from this Department of 25th May last, and your reply thereto of

25th July following, relative to the proper mode of paying and charging Annuities for meritorious service awarded to Soldiers of Her Majesty's Regiments serving in India, I am directed by the Secretary of State for War to acquaint you that the subject having been brought under the consideration of the Lords Commissioners of Her Majesty's Treasury, their Lordships have stated it to be their opinion, that the amount of the said Annuities, should, as proposed by you, be advanced from the Company's Treasury in India. I am therefore to request that you will move the Hon'ble Court of Directors to cause the necessary steps to be taken to carry out the above arrangement, and that so soon as this has been done, you will acquaint me thereof for the information of the Secretary of State for War, in order that a communication to this effect may be made to the Officers Commanding in India, the Regiments in which the respective recipients may be serving, as also to the recipients themselves, of whom at present there happen to be two only, *viz.*,

John Dwane, Quarter Master Sergeant, 60th Foot,	£ 10-0-0
Owen Farrell, Sergeant, ... 86th Foot,	£ 15-0-0
	£ 25-0 0

I am to add that you will be pleased to state the periods from which the issue of the said Annuities will commence in India, in order that the Pay Master General may be instructed not to make any payment on that account in this Country beyond those dates.

WAR DEPARTMENT,
18th March 1856.

SIR,

I am directed to acknowledge the receipt of your letter of the 28th July last, relative to the payment of Gratuities awarded to the Soldiers of Her Majesty's Service when serving in the Territory of the East India Company, as a Reward for long and meritorious service, and to acquaint you that the Lords Commissioners of Her Majesty's Treasury, to whom the subject has been referred, are of opinion that the expense of these Gratuities, which are not payable to the Soldier until discharge, should be defrayed out of Imperial Funds, and not out of the Revenues of India, except so far as such expense may be considered as already provided for by the Company, under the Act 4, Geo. IV., Cap. 71.

Under these circumstances, the system now in operation will, for the present, be adhered to.

IV. Cap. 17, and are therefore to be defrayed by Her Majesty's Government, and requesting that the necessary steps may be taken for carrying out the above arrangement.

In reply I am commanded to acquaint you that instructions will be transmitted to the several Governments in India to carry into effect the arrangement referred to, and I am directed to request that you will inform me of the dates from which it is desired that the Pensions of the two Soldiers referred to in your letter of the 7th ultimo should be paid in India, and that similar information may from time to time be supplied in regard to men to whom Annuities may hereafter be granted.
